THE ROLE OF A PUBLIC OPTION HEALTH PLAN TO ACHIEVE UNIVERSAL COVERAGE

Objectives:

- List the essential components of a Public Option Health Plan
- Describe how a public option plan would improve coverage, make health care coverage more affordable for consumers, and equitable for providers
- Describe how a public option plan would improve our state’s goals for quality, value-based performance, and ability to address social drivers of care
- Identify, explain and discuss how to reduce the barriers in cultural and linguistic, health equity disparities and implicit bias in caring for patients in a public option health plan.

MAY 9, 2022 VIA ZOOM 6:00PM

This activity has been planned and implemented in accordance with the CALIFORNIA MEDICAL ASSOCIATION (CMA) CME Accreditation Standards through joint-providership of GARFIELD MEDICAL CENTER and LOS ANGELES COUNTY MEDICAL ASSOCIATION.

GARFIELD MEDICAL CENTER is accredited by the CALIFORNIA MEDICAL ASSOCIATION (CMA) to provide continuing medical education for physicians. GARFIELD MEDICAL CENTER takes responsibility for the content, quality and scientific integrity of this CME activity.

GARFIELD MEDICAL CENTER designates this educational activity for a maximum of ONE (1.0) AMA PRA Category I Credit(s). Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

All faculties including presenter, planners and moderators have no financial disclosure.
